

department public sector committee applicants.

Applicants are reminded that these figures represent maximum Federal funds only. If total costs to accomplish the objectives of the application exceed the maximum allowable Federal funding level and its required grantee match, applicants may supplement these funds through voluntary contributions from other sources. Applicants are also strongly encouraged to consult with their local or regional FMCS field office to determine what kinds of training may be available at no cost before budgeting for such training in their applications. A list of our field leadership team and their phone numbers is included in the application kit.

F. Cash Match Requirements and Cost Allowability

Applicants for new labor-management committees must provide at least 10 percent of the total allowable project costs. Applicants for existing committees must provide at least 25 percent of the total allowable project costs. All matching funds may come from state or local government sources or private sector contributions, but may generally not include other Federal funds. Funds generated by grant-supported efforts are considered "project income," and may not be used for matching purposes.

It will be the policy of this program to reject all requests for indirect or overhead costs as well as "in-kind" match contributions. In addition, grant funds must not be used to supplant private or local/state government funds currently spent for these purposes. Funding requests from existing committees should focus entirely on the costs associated with the expansion efforts. Also, under no circumstances may business or labor officials participating on a labor-management committee be compensated out of grant funds for *time* spent at committee meetings or *time* spent in committee training sessions. Applicants generally will not be allowed to claim all or a portion of *existing* full-time staff as an expense or match contribution. For a more complete discussion of cost allowability, applicants are encouraged to consult the FY2000 FMCS Financial and Administrative Grants Manual which will be included in the application kit.

G. Application Submission and Review Process

Applications should be signed by *both* a labor and management representative and be postmarked no

later than May 20, 2000. No applications or supplementary materials can be accepted after the deadline. It is the responsibility of the applicant to ensure that the application is correctly postmarked by the U.S. Postal Service or other carrier. An original application containing numbered pages, plus *three* copies, should be addressed to the Federal Mediation and Conciliation Service, Labor-Management Grants Program, 2100 K Street, NW, Washington, DC 20427. FMCS will not consider videotaped submissions or video attachments to submissions.

After the deadline has passed, all eligible applications will be reviewed and scored initially by one or more Grant Review Boards. The Board(s) will recommend selected applications for further funding consideration. The Director, Program Services, will finalize the scoring and selection process. The individual listed as contact person in Item 6 on the application form will generally be the only person with whom FMCS will communicate during the application review process.

All FY2000 grant applicants will be notified of results and all grant awards will be made before September 15, 2000. Applicants submitted after the May 20 deadline date or that fail to adhere to eligibility or other major requirements will be administratively rejected by the Director, Program Services.
